*Please note that the Oakland Summer Camp Guide for 2019 is not out yet. Once it is out, we will share information with families

Family Survey
Lighthouse will have a family survey at the end of this month. The primary goal of is to collect and understand parent opinions, perspectives, attitudes, and perceptions towards Lighthouse, your students, and education in general in order to improve the learning environment in general or specific ways.

The results of our family survey are what guides what the school focuses on in the next year. For example, last year, our parent survey regarding Decision Making was low, so this year we have been offering several informational and leadership opportunities for parents so that they have a larger role in decision making at Lighthouse. This was done as a direct response to the family surveys. We care about what YOU think!

Please stay tuned in the following weeks for more information and for a survey link!
