2024–25 School Accountability Report Card Reported Using Data from the 2024–25 School Year

California Department of Education

Grade Span: K-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2021–22)

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

LCPS facilities are inspected on a monthly basis by our Operations Team using a walkthrough and checklist system to ensure that facilities are in good repair and that needed improvements are made.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: January 2025

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2023– 24	School 2024– 25	District 2023– 24	District 2024– 25	State 2023– 24	State 2024– 25

Mathematics (grades 3-8 and 11)	17%	24%	26%	27%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2024–25)

All students are part of a pathway. Every student will receive the benefit of being part of a Career Technical Education (CTE) pathway. Students in the K-8 program participate in the Maker Program via Making Art & Design. In doing so, all students are active participants in building and shaping their worlds by looking closely at the world around them, exploring the complexity of how objects or systems are designed, and designing opportunities to enact change in their environments to create a more just and equitable world. This extends through grades 9-12 into a sequence of our Media Arts and Design courses of our CTE Pathway. Dual Enrollment classes at local community college. While in high school, students take college classes that count as high school and college credit allowing students to graduate with their college career underway.

Career Technical Education (CTE) Participation (School Year 2024–25)

Measure	CTE Program Participation
Number of Pupils Participating in CTE	233
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	92%
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	--

Course Enrollment/Completion of University of California (UC) and/or California State University (CSU) Admission Requirements

2023–24 Graduates Who Completed All Courses Required for UC/CSU Admission	94.12%

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

California Physical Fitness Test Results (School Year 2024–25) Percentage of Students Participating in each of the five Fitness Components

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority:

Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2025–26)

Families have the opportunity for formal leadership through participation in the LEA's Parent Advisory Committess (PACs), which provide important input around the school's goals/priorities and the alignment of actions and funding towards those goals. In addition, there are robust opportunities for families to be involved in partnering around their student's learning and progress, including Student-Led Conferences (2-3x/year meetings between student, family, and advisor to discuss progress and set goals), Expos of student learning, and Passages (a tradition that confirms students' readiness to move forwards in all realms of achievement at selected grade levels). Families of our TK-5th grade students have also been participating in our Lit for Literacy program helping families to better understand their students literacy data and how to be partners with our schools to enable their students to become proficient readers.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and
- Chronic Absenteeism

Graduation Rate and Dropout Rate (Four-Year Cohort Rate)

School Safety Plan (School Year 2025–26)

The LEA's school safety plan was last updated on March 5, 2025, and is updated annually by this date. The safety plan is

located here: <https://lighthousecharter.org/about/accountability/>

The LEA's Director of Operations, in collaboration with each site's Operations Manager and Site Admin, review and revise the safety plan annually. This plan is reviewed with staff and a student representative during onboarding week in August with a schedule of drills, refresher trainings, and practice sessions scheduled over the course of the year to ensure that the safety plan can be comprehensively implemented with fidelity across our schools.

Types of Services Funded (Fiscal Year 2024–25)

Types of Services Funded

LCPS provides the following additional services to support our students:

Students classified as EL receive Designated ELD. Students with disabilities receive services as determined by their Individualized Education Plans (IEPs) as part of LCPS's full inclusion model, which includes specific programming for students needing academic, speech, OT, mental health, behavioral, and social emotional supports. Students engage in After School Programming and Summer Programming funded through our ASSETs grant, with a large focus on credit recovery and dual-enrollment. Students participate in our CTE Pathway (funded by Measure N and the Strong Workforce Program).
